Because we aren't always necessarily living in & working from our country of origin, you, as an Ambassador, have the freedom to offer any kind of session or workshop anywhere in the world.

In alignment with the teachings of Somatic Consent & in the interest of a functioning & supportive community, any FACILITATION/PRACTITIONER CERTIFICATION TRAINING you want to do in a country with its own Ambassador requires:

The personal responsibility to ask for Permission & to obtain an Agreement from the Ambassador owning the rights to the franchise in that country  
This could include an agreement to collaborate.

You decide whether your Year Training graduates can train new Consent Lab Facilitators
